

**Union Construction:
Your Tools For Success**

Union Construction: Your Tools for Success

Time and time again, customers choose union construction for their projects...

Why? Area contractors and their union workforce are committed to helping customers in every way possible. Our industry gives top priority to the customer's needs, we get the job done right the first time and we offer quality service for all your construction needs.

The union construction industry is committed to you, the customer. No matter what your concerns, we will work with you. Contractors and their union workforce are committed to giving superior customer satisfaction, working within your budget constraints, training our workforce for a safer and more productive worksite; and working towards exceptional labor-management relations

What is customer satisfaction?

The union workforce of the West Central Illinois Building and Construction Trades Council and the contractors of the Greater Peoria Contractors and Suppliers Association are dedicated to giving a quality product for a competitive price. Through the constant training of our workforce, we are able to stay on the cutting edge of new technology and procedures, thus giving the customer exactly what they want in their project.

What are your budget concerns?

The contractors and union workforce pledge to give you the best value for your construction dollar. The contractors and union workforce want to help you work within the parameters of your budget. We are here to help you obtain a competitive price for a superior product. Let us help you achieve your construction goals.

Safety and Training? Safety and Training are a top priority for the contractors and union workforce of central Illinois. We are committed to creating safer, cost-effective workplaces throughout our area.

Unions affiliated with the West Central Illinois Building and Construction Trades Council and contractors affiliated with the Greater Peoria Contractors and Suppliers Association offer the best training and apprenticeship programs in the

construction industry. The journeyman upgrade and apprenticeship programs, sponsored by both contractors and unions, spend over \$500 million annually and operate over 2,000 training centers across North America. More than 180,000 apprentices and tens of thousands of journey-level workers receive quality training each year at these state of the art facilities.

Why are our Apprenticeship Programs the Best?

Our apprenticeship and training programs are certified by the United States Department of Labor.

Through our apprenticeship programs, our union workforce receives the best training in the construction industry. Apprentices spend two to five years learning their trade of choice. And the training doesn't stop there. All building trades unions offer free skill improvement and skill upgrading to ensure their members have access to

continuous learning opportunities. These programs are designed to broaden, diversify and update the skills of union members.

Also as part of their training, each and every union member receives safety and health courses. These help members better handle the hazards of construction sites and teach the members to think safe and be safe.

With Union Contractors and the Union Workforce workforce together – we have created the best training programs and the safest worksites in the construction industry.

Don't miss the opportunity to have immediate access to the tools you'll need to get your job done. Together...that partnership produces projects which are
