Plumbers & Pipefitters Local Union No. 25

Throughout its 100 year history, Plumbers and Pipefitters Local 25 has been building a strong community through the professional and charitable contributions of its members.

Local 25, with its new training facility, located in Rock Island, serves over 1500 trained journeymen and women and apprentices in Rock Island, Warren, Whiteside, Hancock, Mercer, Schuyler, Adams, Brown, Carroll, Henderson, Henry, Knox, Jo Daviess, and Lee Counties in Illinois. Local 25 also serves Jackson, Clinton, Scott, Cedar, and Muscatine Counties in Iowa. We have satellite offices in Galesburg, Sterling/Rock Falls, and Quincy. The Plumbers and Pipefitters Local Union 25 is a member of the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada.

In cooperation with the Rock River and Mississippi Valley Mechanical Contractors Association, the Plumbers & Pipefitters Local Union 25 has met the challenge of providing skilled, professional craftsmen. This is the result of comprehensive training programs supported by the United Association and the contractors to meet the needs of an ever-changing industry. The dedication of past and present members and contractors have paved the way for us to become the most highly trained, technologically advanced professionals in the industry for today and tomorrow.

New improvements made to the Local 25

Training Center include:

- A new 16,000 sq. ft. addition
- Three-story mock-up plumbing house
- Fabrication shop
- 10 classrooms w/projectors
- Green Systems Awareness certification
- Medical Gas certification
- Industrial Rigging certification
- Backflow certification
- Valve certification

With the Mechanical Contractors Association and Local 25 involved in a project, labor and management work as a team to give the customer the best possible service. We establish a working relationship with each project's general contractor, architect, engineers, plant managers, and owners. Studies show that customers DO get the best service with union labor. Productivity is higher, time and material costs are lower, and results are consistently more satisfactory.
